McKinsey Recruiting Team  
McKinsey & Company

**Subject: Application for Business Analyst Role (Job ID: 15136)**

Dear McKinsey Recruiting Team,

I am writing to express my enthusiastic interest in the Business Analyst role (Job ID: 15136), as advertised. The opportunity to join a client service team dedicated to solving "complex and pressing challenges" for the world's most influential organizations perfectly aligns with my career ambitions and passion for driving long-term, impactful change.

My background, coupled with my strong analytical and organizational capabilities, makes me a keen fit for this role. I possess an undergraduate degree in engineering and have up to 1 year of work experience, and I am proficient in leveraging **data, facts, and logical reasoning** to make sound, rational decisions. I thrive in environments that require me to take **ownership of a workstream**, combining meticulous research, **analyzing data**, and collaborating through interviews and brainstorming to uncover true client challenges and develop breakthrough solutions. Furthermore, I am skilled at creating professional, work product-focused materials, including PowerPoint decks and Excel models, which are essential for communicating actionable plans effectively.

I am particularly drawn to McKinsey's culture of continuous learning and its commitment to **ethics and integrity** in client service. I see myself as the type of determined individual who not only **thrives in a high performance/high reward culture** but also possesses the resilience to embrace a fast-paced learning experience and consistently seek better ways forward.

The prospect of working directly with clients to refine strategies, implement transformations, and equip them with the tools to sustain improvement is highly motivating. I am confident that my **exceptional time management**, strong communication skills, and commitment to upholding your values will allow me to deliver results that truly matter.

Thank you for considering my application. My attached resume provides further detail on my qualifications. I look forward to the opportunity to discuss how I can contribute to McKinsey's mission of making a meaningful difference as a Business Analyst.

Sincerely,

Sujith Santhosh
